

WE ARE GOING PAPERLESS

SEPTEMBER 1, 2014

**Saving time and trees as we
go green!**

The **CITY OF GULFPORT HUMAN RESOURCES** is excited to announce - a new online application and recruitment system for employment opportunities.

We will implement an on-line, paperless application process, which will simplify the recruitment process and make the application process easier for our job seekers!

Some of the benefits include:

- **SAFE ACCESS** - applicants will have the ability to create a single sign-on in order to use one application to apply for multiple positions.
- **EASY UPDATES & CUSTOMIZATION** - applicants can update their information and upload documents such as resume, cover letter, degrees and certifications, etc.

This enhancement to the City of Gulfport recruitment process will be effective **SEPTEMBER 1, 2014.**

Once the new system is in place, employment applications will only be received and processed electronically. Applicants can also take advantage of the City of Gulfport Human Resources Computer Lab to complete an employment application.

Please contact **Human Resources** at 228-868-5831 for any questions you have.
